

For Rent? For Sale? Coasters Reach Target

Developers and Realtors Look to Beverage Coaster Advertising for Cost-effective Campaigns

Looking for a way to have your property development standout in the marketplace? Look to an AdCoasters distribution program. At only pennies per message impression, AdCoasters can reach thousands in an innovative and effective medium. Unlike outdoor advertising, AdCoasters are mini-billboards that can be pocketed for future call-to-action. Cost-effective, memorable, effective—consider coaster advertising for your next campaign.
